Property Details

Property History: The subject property was located within the Original City Limits of San Antonio and zoned "J" Commercial District. The zoning changed to "R-2" Two Family Residence District on December 16, 1993, established by Ordinance 79389. The current "RM-4" Residential Mixed District converted from the previous "R-2" base zoning district upon adoption of the 2001 Unified Development Code, dated May 3, 2001.

Topography: The property does not include any abnormal physical features such as slope or inclusion in a flood plain.

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. The “RM-4” base zoning district permits uses such as a single-family dwelling (detached, attached or townhouse), two-family dwelling, three-family dwelling, four-family dwelling, row-house or zero-lot line dwelling, accessory dwelling, with a minimum lot size of 4,000 square feet and a minimum lot width of 15 feet, public and private schools.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center, but it is located within a half-mile of the New Braunfels Avenue Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Arena District/Eastside Community Land Use Plan and is currently designated as “Medium Density Residential” in the land use component of the plan. The requested “C-2” base zoning district is not consistent with the adopted land use designation. The applicant is requesting a Plan Amendment to “General Commercial”. Staff and Planning Commission recommend Approval.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

3. Suitability as Presently Zoned:

The existing “RM-4” base zoning district is appropriate for the surrounding area. There is “RM-4” zoning to the west and south of the property, so the current zoning designation is appropriate. Since the subject property is located on the corner it would also be appropriate to be designated commercial.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The subject property has an existing commercial structure on the subject property that is vacant. The renovation of the building for a commercial use does not indicate likely adverse effects.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The 0.5165 acre site is of sufficient size to accommodate the proposed development. There is an existing vacant commercial structure located on the subject property which is being proposed to be renovated for commercial uses.

7. Other Factors:

None.
