**1. Consistency:**

The subject property is located within the Greater Dellview Area Community Plan and is currently designated as “Low Density Residential” in the land use component of the plan. The requested “R-4” base zoning district is consistent with the adopted land use designation.

**2. Adverse Impacts on Neighboring Lands:**

The proposed use is consistent with the established development pattern of the surrounding area. The subject property is located along West Avenue which is a commercial corridor. With the corner location of the subject property, a professional office does not display evidence of adverse impacts on neighboring lands.

**3. Suitability as Presently Zoned:**

The existing “R-4” base zoning district is appropriate for the surrounding area. The surrounding uses are predominately single-family residential uses.

**4. Health, Safety and Welfare:**

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The subject

property is along a Secondary Arterial which has other commercial and office uses along the corridor.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective. The request maintains the base zoning district of “R-4” Residential Single-Family and

**6. Size of Tract:**

The 0.1675 acre site is of sufficient size to accommodate the proposed development. There is an existing structure on the property, and is of sufficient size for a professional office.

**7. Other Factors:**

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The following conditions shall apply to the operation of nonresidential conditional uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.
