Comprehensive Plan

Comprehensive Plan Component: Nogalitos/South Zarzamora Community Plan

Plan Adoption Date: September 30, 2004

Update History: June 18, 2009

Plan Goals: Goal 3: Economic Development: Improve the commercial corridors in the planning area in order to attract and support a mix of uses including professional offices, residences and a variety of retail shops that will meet residents' daily needs and bring vitality to the area.

Comprehensive Land Use Categories

Land Use Category: "Low Density Residential"

Description of Land Use Category: Low-density residential uses include single-family houses on individual lots with/without attached or detached accessory dwelling units, such as a granny flats, garage apartments, and "echo" (elder cottage housing opportunity) units. Only one accessory dwelling is permitted per lot and should reflect the appearance of the main structure. All off-street parking and vehicle use areas adjacent to residential uses require buffer landscaping, and lighting and signage controls. Certain non-residential activities such as schools, places of worship, and parks are appropriate within these areas and should be centrally located to provide easy access. This form of development should be oriented toward the center of the neighborhood and located away from major arterials.

Permitted Zoning Districts: "R-20", "R-6", "R-5", "R-4"

Land Use Category: "Mixed Use"

Description of Land Use Category: Mixed-use allows for a concentrated, well structured, and integrated

blend of residential, retail, service, office, entertainment, leisure, and other related uses at increased densities. This use pattern creates a pedestrian and transit oriented rather than an automobile oriented environment. Building and architectural design of a Mixed-use development should stress quality architecture and urban design features, including parks/plazas and landscaping in a safe, attractive, pedestrian and bicycle friendly environment. A majority of the ground floor façade should be composed of windows. Centralized parking areas should be located behind buildings. Mixed Use Centers should be linked to adjoining land uses with safe, attractive and convenient vehicular and pedestrian access.

Permitted Zoning Districts: “NC”, “C-1”, “C-2P”, “O-1”, “O-2”, “RM-4”, “RM-5”, “RM-6”, “MF-25”, “MF-33”, “MF-40”, “MXD”, “TOD”, “IDZ”

RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Approval.

The proposed “Mixed Use” is generally consistent with the goals and objectives of the Nogalitos/South Zarzamora Community Plan. The requested land use amendment is in agreement with the current development of the area. The applicant is requesting “Mixed Use” in order to rezone the property from “C-2” to “IDZ” with uses permitted in “C-2” Commercial District. The lot is an irregular size with little developable space. The requested “Mixed Use” is a more appropriate future land use along South Zarzamora, which is a primary arterial.

Relevant Goals and Objectives of the Nogalitos/South Zarzamora Community Plan:

Goal 3: Economic Development: Improve the commercial corridors in the planning area in order to attract and support a mix of uses including professional offices, residences and a variety of retail shops that will meet residents’ daily needs and bring vitality to the area.

Objective 3.1: Diverse Businesses: Attract and support a variety of businesses in a walkable, mixed-use environment.

Objective 3.2 Business Character Build upon the historic, walkable character of the Nogalitos corridor to create a unique place to walk for shopping, working, and relaxing.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the Nogalitos/South Zarzamora Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
