C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code. RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial. Zoning Commission (7-4) recommends

Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-3NA” base zoning district is not consistent with the future land use designation. The applicant is requesting a land use amendment from “General Urban Tier” to “Regional Center” to accommodate the proposed rezoning. Staff recommends Denial of the Plan Amendment. The Planning Commission motion failed (4-1), and for lack of another motion the item is continued to the October 24, 2018 hearing.

2. Adverse Impacts on Neighboring Lands:

Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. Southwest Military Drive appears to be oversaturated (please refer to ‘Other Factors’ for a definition of saturation) with Specified Financial Institutions (Pay-Day Loans, Title Loans, etc.). There are currently nine active licenses for Credit Access Businesses within a 1.1 mile radius of the subject property according to the Texas Office of Consumer Credit Commissioner

3. Suitability as Presently Zoned:

The current “C-3NA” base zoning districts is an appropriate base zoning for the property or the surrounding area. The property is located along Southwest Military Drive, a primary arterial.

4. Health, Safety and Welfare:

Staff has found an indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning to “C-3NA S” is requested in order open a Specified Financial Institution, also known as a Credit Access Business. The proposed rezoning is not in agreement with the goals and objectives of the West/Southwest Sector Plan and the current development of the area. The West/Southwest Sector Plan encourages commercial nodes to contain strong, vibrant business activities with a mix of uses and employment opportunities. According to the Texas Office of Consumer Credit Commissioner, there are nine active licenses for Credit Access Businesses within a 1.1 mile radius of the subject property. The area appears to be saturated with Credit Access Businesses. The introduction of another Credit Access Business could have an adverse impact the neighboring lands.

6. Size of Tract:

The subject property is 0.027 of an acre, which would accommodate the proposed use.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request.

The Unified Development Code was updated (Ordinance 2010-11-18-0985, dated November 18, 2010) to delineate the difference between a Loan Office and a Specified Financial Institution. The Specified Financial Institution requires a Specific Use Authorization in “C-1”, “C-2” and “C-3” base zoning districts.

Merriam Webster Definition of Saturation: to a very full extent, especially beyond the point regarded as necessary or desirable.

A “Specified Financial Institution” is defined as:

Any business whose primary function is to lend money on a temporary basis, wherein such loans are secured by a post-dated check, paycheck, anticipated tax refund, vehicle title or tax-liened property; or to cash checks or other negotiable instruments for a fee, service charge or other consideration; or to provide funds on a deferred-deposit basis. A specified financial institution may offer walk-in service or may serve clients via internet or telephone. The term "specified financial institution" includes without limitation the following uses: check cashing facilities as well as agencies that provide pay-day loans, vehicle title loans, refund anticipation loans or tax-lien loans. This term shall not include financial institutions regulated by the Texas Department of Banking, the Texas Credit Union Department or National Credit Union Association. Further this term shall not include either:

- 1) A retail establishment engaged primarily in the business of selling consumer goods, including consumables, to retail buyers that cash checks, issue money orders or money transfers for a minimal flat fee as a service that is incidental to its main purpose as a retail business, or
- 2) A professional office primarily engaged in tax preparation services that provide refund anticipation checks for a minimal flat fee incidental to its main purpose as a tax preparer.
