Property Details

Property History: The subject property was annexed into the City of San Antonio on August 3, 1944, established by Ordinance 1256 and was zoned "D" Apartment District. The zoning converted to "MF-33" Multi-Family District upon adoption of the 2001 Unified Development Code, established by Ordinance 93881, dated May 3, 2001. The current "R-4" Residential Single-Family District changed from the "MF-33" base zoning district, established by Ordinance 2016-06-16-0493, dated June 16, 2016.

Topography: The majority of the subject property is included in a flood plain.

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. The “R-4” base zoning district permits single-family dwellings (detached) with a minimum lot size of 4,000 square feet and a minimum lot width of 35 feet, foster family home, public and private schools.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is located within the Brooks City Base Regional Center and is located within close proximity to the New Braunfels Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Highland Hills Land Use Plan and is currently designated as “Low Density Residential” in the land use component of the plan. The requested “C-2” base zoning district is not consistent with the adopted land use designation. The applicant is requesting a Plan Amendment to “Community Commercial” in order to align the requested base zoning district to the plan. Staff and Planning Commission recommend Approval of the Plan Amendment.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

3. Suitability as Presently Zoned:

The existing “R-4” base zoning district is not appropriate for the surrounding area.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective. The subject property is located at the

intersection of S. New Braunfels Avenue and Hot Wells Boulevard are two major collector streets in the Brooks area. Currently, the structure on the site is residential and the future land use in the South Central Community Plan also calls for low density residential. The property is located along a mixed-use corridor that would contain neighborhood-serving commercial and a variety of residential uses.

Relevant Goals, Policies and Actions of the Comprehensive Plan may include:

- GCF Goal 1: Higher-density uses are focused within the city's 13 regional centers and along its arterial and transit corridors.
- GCF Goal 4: Sustainable infill and mixed-use development provide walkable and bikeable destinations for all residents.
- GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
- GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in close proximity to housing and where appropriate.
- H P19: Develop specific land use and action plans for regional centers and transit corridors that support housing, a mix of uses and higher-density development, and that discourage lower-density uses.

Mixed-use is encouraged along the New Braunfels, a low intensity commercial zoning and land use would be more appropriate for the site.

6. Size of Tract:

The 0.2273 acre site is of sufficient size to accommodate the proposed development.

7. Other Factors:

None.
