COUNCIL DISTRICTS IMPACTED: District 2

SUBJECT:

Renewal of Cooperative Agreement with Bexar County to Provide Solid Waste Services in ETJ

SUMMARY:

This ordinance would authorize the renewal of a Cooperative Agreement with Bexar County to provide mandatory Solid Waste collection and disposal services in Bexar County's Camelot II neighborhood, which is a residential area within the City's extraterritorial jurisdiction (ETJ), in accordance with the Texas Attorney General (AG) Opinion GA-0988.

BACKGROUND INFORMATION:

The issue of illegal dumping and the collection of solid waste in unincorporated areas of Bexar County has

been a continuing problem for a number of years.

On February 5, 2013, Texas Attorney General (AG) Opinion GA-0988 concluded that Section 364.031 of the Health and Safety Code authorizes cooperative agreements between a municipality and a county that would permit the county to provide mandatory solid waste disposal service in an area of the county that is within the ETJ of the municipality that is not receiving such services from the municipality.

Generally, Bexar County does not require mandatory solid waste disposal services for residents of unincorporated Bexar County. Although the Camelot II area is within the City's ETJ, state statute does not allow the City to provide solid waste collection or mandate any solid waste disposal services in areas outside the City limits.

The Camelot II area consists of approximately 620 homes. The area is bordered by Montgomery Drive on the north, and includes Chipping Street on the west, Mallow Street on the east and Sarepton Street on the South in the northeast quadrant of Bexar County.

City Council passed and approved Ordinance 2015-08-06-0652 on August 6, 2015, which authorized a cooperative agreement with Bexar County to provide mandatory residential solid waste collection and disposal services for Bexar County's Camelot II neighborhood located within the City's extraterritorial jurisdiction. The County and the Solid Waste Management Department (SWMD) negotiated a pilot program for solid waste collection and transportation services to be provided by the SWMD to the Camelot II area from November 30, 2015 to December 31, 2018.

This pilot program has been successful and the County desires to continue the program for an additional year, from January 1, 2019 to December 31, 2019, with a modified garbage collection schedule. Fees for solid waste services are collected from residents.

ISSUE:

According to the Texas Attorney General Opinion GA-0988, a city must agree to allow a county to provide mandatory solid waste disposal service to an area that is within the city's ETJ. Ordinance 2015-08-06-0652 authorized Bexar County to provide solid waste services in the Camelot II area and the Cooperative Agreement for the SWMD to provide these services under a pilot program that will expire on December 31, 2018. This Ordinance would allow for the renewal of that pilot program for one year and continue to authorize the County to provide mandatory solid waste collection and disposal service in this specific area of the City of San Antonio's ETJ.

ALTERNATIVES:

City Council could disapprove the renewal of the Cooperative Agreement which would terminate the pilot program and mandatory collection services in the Camelot II area.

FISCAL IMPACT:

This ordinance authorizes renewal of a cooperative agreement with Bexar County for the Solid Waste collection and disposal services within the Camelot II area. There is no incremental fiscal impact associated with the renewal of the cooperative agreement. The cost to provide Solid Waste collection and disposal services for the Camelot II area is funded through the Solid Waste Operating and Maintenance Fund as part of the FY 2019 Adopted Budget. Costs are recovered through the Solid Waste Fee paid by the residents within the service area.

RECOMMENDATION:

Staff recommends approval of the Ordinance authorizing the renewal of a cooperative agreement with Bexar County allowing the County to provide mandatory solid waste services in the Camelot II area.
