1. Consistency:

The subject property is not within any Community, Neighborhood, or Sector Plan. Therefore a finding of consistency is not required.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The applicant proposes to replat the lot into two separate parcels to build another single-family structure. The property currently consists of 3 lots, however, development on Lot 12 is currently restricted, due to the lot size not meeting the required minimum 5,000 square feet for the “R-5” district.

3. Suitability as Presently Zoned:

The current “R-5” base zoning district is appropriate for the subject property’s location; however, “R-4” is also appropriate and the use remains the same.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property totals 0.20 acres in size, which reasonably accommodates the uses permitted in “R-4” Residential Single-Family District.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request
