Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (8-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Nogalitos/South Zarzamora Community Plan and is currently

designated as “Low Density Residential” in the future land use component of the plan. The requested “IDZ” base zoning district is not consistent with the future land use designation. The applicant is requesting a land use amendment from “Low Density Residential” to “Mixed Use” to accommodate the proposed rezoning. Staff and Planning Commission recommend Approval of the Plan Amendment.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested “IDZ” will allow for development on a small vacant commercial lot.

3. Suitability as Presently Zoned:

The current “C-2” Commercial District is an appropriate base zoning for the surrounding area. The requested “IDZ” with uses permitted in “C-2” will permit a small commercial development on a small lot.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the goals and objectives of the Nogalitos/South Zarzamora Community Plan. The plan emphasizes attracting a mix of businesses and development along South Zarzamora Street. The requested “IDZ” will allow for a small scale commercial development to occur on a lot that is an irregular size with little developable space.

Relevant Goals and Objectives of the Nogalitos/South Zarzamora Community Plan:

Goal 3: Economic Development: Improve the commercial corridors in the planning area in order to attract and support a mix of uses including professional offices, residences and a variety of retail shops that will meet residents’ daily needs and bring vitality to the area.

Objective 3.1: Diverse Businesses: Attract and support a variety of businesses in a walkable, mixed-use environment.

Objective 3.2 Business Character Build upon the historic, walkable character of the Nogalitos corridor to create a unique place to walk for shopping, working, and relaxing.

6. Size of Tract:

The subject property is 0.01234 of an acre, which could accommodate a small commercial development.

7. Other Factors:

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request.

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lots sizes, and setbacks.

The requested “IDZ” base zoning is supported by the following criteria:

The applicant's request meets the Master Plan's Policy for Growth Management - Policy 1g, because it makes physical improvements on an inner city property encouraging redevelopment and infill development.

The applicant's request meets the Master Plan's Policy for Economic Development - Goal 4, because it targets an area within Loop 410 and the southern sector.

The applicant's request the Master Plan's Policy for Urban Design - Policy 4b, because it incentivizes property to encourage development in underutilized urban areas.

The applicant's request the Master Plan's Policy for Neighborhoods - Policy 1a, because it rezones vacant or underutilized property in and around neighborhoods to encourage redevelopment that is compatible in use and intensity with the existing neighborhood.
