Denial of the requested zoning change would result in the subject property retaining the present zoning district designations of “R-6” Residential Single-Family District which permits single-family dwellings (detached) with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet, foster family home, public and private schools.

FISCAL IMPACT:

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (8-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the United Southwest Community Plan and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The property is currently developed as a commercial retail center.

3. Suitability as Presently Zoned:

The current “R-6” Residential Single-Family District could be an appropriate zoning for the property and surrounding area. The requested “C-2” could also be an appropriate base zoning for the subject property.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning is consistent with the goals and objectives of the South Central Community Plan. The plan encourages commercial development that is compatible with the existing neighborhood. The property is located within close proximity to West Military Drive, a primary arterial. West Military Drive supports more intense commercial uses. The retail center may have existed prior to annexation into city limits and was subsequently zoned residential.

Objective 1 - Economic Development: Develop and enhance the community’s commercial corridors by improving streetscape appearances and recruiting businesses to employ and provide goods/services to residents.

6. Size of Tract:

The subject properties are 0.49 of an acre, which currently accommodates a small retail center.

7. Other Factors:

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request.
