**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (8-0) recommend Approval, pending the Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Greater Dellview Area Community Plan and is currently designated as “High Density Residential” and “Medium Density Residential” in the future land use component of the plan. The requested “C-2” Commercial District is not consistent with the future land use designation. The applicant is requesting a land use amendment from “High Density Residential” and “Medium Density Residential” to “Community Commercial” to accommodate the proposed rezoning. Staff and Planning Commission recommend Approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current “R-4” base zoning district is an appropriate base zoning for the area. The requested “C-2” is also an appropriate base zoning for the area.

#### **4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

#### **5. Public Policy:**

The proposed rezoning is generally consistent with the goals and objectives of the Greater Dellview Area Community Plan. The property is rezoning from “R-4” to “C-2” in order to develop a medical clinic for senior citizens. The rezoning is in agreement with the current development of the area with “C-2” base zoning being prevalent along West Avenue, a secondary arterial. The plan encourages commercial development that is mindful of the adjacent neighborhoods.

Relevant Goals and Objectives of the Greater Dellview Area Community Plan:

Objective 2.4: Small Business Development: Foster an environment that promotes, encourages and supports small business development

Goal 3: Commercial Development: Type, Form and Appearance Proactively promote best urban planning practices and ensure commercial environments that are clean, safe, attractive, compliant with city codes, and respectful of adjacent neighborhood residential uses

Goal 4: Community Development: Empower local human resources and create mutual growth between the community’s citizens and its commercial sector

#### **6. Size of Tract:**

The subject property is 4.968 acres, which could accommodate the proposed medical clinic.

#### **7. Other Factors:**

None.
