**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (10-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the West Sector Plan and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “C-2” base zoning is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The adjacent properties are zoned for commercial use.

**3. Suitability as Presently Zoned:**

The proposed “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The conditional use for auto repair allows additional uses allowed by right within a “C-3” district into a “C-2” district with special considerations and flexibility such as house of operation, buffering, fencing, and the like.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West Sector Plan.

**West Sector Plan Relevant Goals and Objectives:**

- ED-3.1 Ensure the development of new business locations and employment center are compatible with the West/Southwest Sector Land Use Plan
- ED-4.1 Encourage high quality site and building design and best management practices for new and existing developments

**6. Size of Tract:**

The subject property is 1.60 acres, which would adequately support commercial uses and Conditional Use for Auto and Light Truck Repair.

**7. Other Factors:**

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.
