BACKGROUND INFORMATION:

The Texas Department of Housing and Community Affairs' (TDHCA) Housing Tax Credit (HTC) program is one of the primary means of directing private capital toward the development and preservation of affordable rental housing for low-income households in the state of Texas. HTCs are awarded to eligible participants to offset a portion of their federal tax liability in exchange for the production or preservation of affordable rental housing. There are two types of HTCs: competitive 9% and non-competitive 4%. The non-competitive 4% HTC program is available year round whereas the competitive 9% HTC program has a single annual application period. For the 2019 competitive application period, TDHCA requires applicants to submit completed applications, along with supporting documents, no later than March 1, 2019.

The HTC program awards competitive application points for a resolution(s) from a Governing Body of a municipality showing local government support on the following basis:

Within a municipality, the application will receive:

- Seventeen (17) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality supports the Application or Development; or
- Fourteen (14) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality has no objection to the Application or Development.

ISSUE:

Using the City Council adopted evaluation criteria and TDHCA's 2019 Qualified Allocation Plan (QAP), staff developed an application process and schedule. The City issued a Request for Applications (RFA) on December 3, 2018 for multifamily rental housing development projects seeking a San Antonio City Council Resolution of Support or No Objection in connection with the Texas Department of Housing and Community Affairs

(TDHCA) Housing Tax Credit program. Applications were due on January 14, 2019 and were required to score at least 70 points in the City's 100-point scoring system to be recommended for a Resolution of Support. Applicants earning between 50 and 69 points may receive a Resolution of No Objection, provided the applicant received at least 7 experience points in the "Owner/General Partner/Property Management Experience" section of the application.

Of the 20 applications, 12 proposed developments are within Loop 410, seven are between Loops 410 and 1604, and one is outside Loop 1604. Council Districts 2 and 5 received the highest number of applications (four each), followed by Districts 1 and 10 with three each. No applications were received within Council District 7.

Per TDHCA regulations, no two applicants may be awarded tax credits in the same year if they are located less than two miles apart. This rule impacts 15 of the 20 applications. Additionally, TDHCA does not permit a development to be awarded Competitive HTC if it is within one mile of another Competitive HTC project awarded within the last three years without a resolution from the governing body specifically allowing the development. This impacts two applicants: Artisan at Springview and Our Lady of Charity.

The scoring matrix used by City Staff allows applicants to earn a total of 100 points. Points can be earned for Experience (up to 15), Non-profit or SBEDA/HUD Participation (5), Targeted Reinvestment Area (10), Project Amenities & Services (Up to 20), Area Income Criteria (10), Project Site Characteristics (10), Project Feasibility & Readiness (20), and Public Engagement (up to 10).

The chart below summarizes the score and affordability of the projects:
