“MC-3”

The “MC-3” Austin Highway/Harry Wurzbach Metropolitan Corridor provides site and building design standards for properties located along the two corridors. ### **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (11-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

#### **1. Consistency:**

The subject property is located within the Northeast Inner Loop Neighborhood Plan and is currently designated

as “Low Density Residential” in the future land use component of the plan. The requested “R-4” Residential Single-Family District is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The requested “R-4” base zoning is appropriate for the property and is contiguous with the surrounding properties’ zoning district.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed zoning does not appear to conflict with the goals and key themes of the Northeast Inner Loop Neighborhood Plan. The plan encourages compatible commercial uses that serve neighborhood.

**6. Size of Tract:**

The subject property is 0.5182 acres, which would adequately support the development of a noncommercial parking lot.

**7. Other Factors:**

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The following conditions shall apply to the operation of nonresidential conditional uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.

This zoning request includes the intention to demolish buildings. In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.
