**Property History:** The subject properties were included in the original 36 square miles of the City of San Antonio and were zoned "D" Apartment Districts. The properties were all a part of a large rezoning by Ordinance 2010-11-04-0971, dated November 4, 2010. The large area rezoning changed the zoning for 1927 Interstate Highway 35 North from "D" to "R-5" Residential Single-Family District.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Government Hill Neighborhood Plan, and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-5” base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed development is for professional offices which is an appropriate use fronting an interstate and adjacent to residential uses.

**3. Suitability as Presently Zoned:**

The current “R-5” Multi-Family District is not appropriate zoning for the property fronting an interstate. Although the proposed “R-5 CD” maintains the base residential zone, the conditional use allows consideration of the proposed “professional office” use.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with the land use goals and strategies of the Government Hill Neighborhood Plan.

Government Hill Neighborhood Plan Goals:

GOAL 1: Housing - Conserve, rehabilitate, and/or replace (if necessary) housing stock.

GOAL 2: Land Use/Revitalization - Redevelop and revitalize the neighborhood.

**6. Size of Tract:**

The subject property is .19 acres, which would adequately support commercial office uses.

**7. Other Factors:**

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.

This property is located within the Government Hill Historic District. Any exterior modifications will require approval from the Historic and Design Review Commission. Approval of a zoning change does not supersede any requirements for design review outlined in Article VI of the Unified Development Code. As of 1/25/19, the Office of Historic Preservation has reviewed and approved foundation repair, fencing construction, roof repair, siding repair, and wood window repair. Any additional modifications would need to be submitted to the Office of Historic Preservation for review.
