Comprehensive Plan

Comprehensive Plan Component: IH-10 East Corridor Perimeter Plan

Plan Adoption Date: February 22, 2001

Plan Goals:

Goal 1: Utilize city resources and authority to manage growth and development.

Based on a comprehensive land use plan, encourage more intensive development in and near neighborhood centers with less intensive development between neighborhood centers, and implement these changes through zoning.

Comprehensive Land Use Categories

Land Use Category: “Community Commercial”

Community Commercial provides for offices, professional services, and retail uses of moderate intensity and impact. Examples of uses include a grocery store, a medical office, music store, shoe store, nursery, or mailing services store. Community Commercial should be located along arterials, preferably at intersections with other arterials or collectors. Community Commercial can serve as an appropriate buffer between low, medium, and high density residential uses, or between an arterial and low density residential.

Related Zoning Districts: NC, O-1, C-1, & C-2

Land Use Category: “Regional Commercial”

Regional Commercial provides for offices, professional services, and retail uses that draw on the customer base of a region. Examples of uses include “big box” retail and retail “power centers”, shopping malls, movie theaters, and medical or office complexes that are mid to high rise. Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size. Regional Commercial uses can serve as an appropriate buffer between an arterial or highway, and lower intensity commercial or medium to high density residential uses. **Related Zoning Districts:** NC, O-1, O-2, C-1, C-2, & C-3

RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Denial.

The proposed land use amendment from “Community Commercial” to “Regional Commercial” is requested in order to rezone the property to "C-3 AHOD” General Commercial Airport Hazard Overlay District. The “Regional Commercial” typically serves as a buffer between arterial or highway, and lower intensity commercial or medium to high density residential uses; however, in this case, the use of “Regional Commercial” borders low density residential uses to the north. The request does not adhere to the IH-10 East Corridor Perimeter Plan in maintaining “Community Commercial” along North Foster Road.

ALTERNATIVES:

1. Recommend Approval of the proposed amendment to the IH-10 East Corridor Perimeter Plan.
2. Make an alternate recommendation.
