Comprehensive Plan

Comprehensive Plan Component: I-10 East Corridor Perimeter Plan

Plan Adoption Date: February 22, 2001

Plan Update History: March 20, 2008

Plan Goals:

- 2.1 Develop plan for Crestway improvements
- 4 Improve the Corridor

Comprehensive Land Use Categories

Land Use Category: "Medium Density Residential"

Description of Land Use Category:

- Medium Density Residential includes Single Family Residential Development on one lot, including townhomes and zero lot line configurations, duplexes, triplexes, and fourplexes.
- This form of development should be located along collectors or residential roads, and can serve as a buffer between low density residential and more intense land uses, such as commercial.
- This classifications includes certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

Permitted Zoning Districts: R-4, R-5, R-6, NP-8, NP-10, NP-15, R-20, RE, RM-4, RM-5, & RM-6

Comprehensive Land Use Categories

Land Use Category: "Community Commercial"

Description of Land Use Category:

- Community Commercial provides for offices, professional services, and retail uses of moderate intensity and impact. Examples of uses include a grocery store, a medical office, music store, shoe store,

nursery, or mailing services store.

- Community Commercial should be located along arterials, preferably at intersections with other arterials or collectors.
- Community Commercial can serve as an appropriate buffer between low, medium, and high density residential uses, or between an arterial and low density residential.

Permitted Zoning Districts: NC, O-1, C-1, & C-2 (except C-3 & O-2)

Comprehensive Land Use Categories

Land Use Category: “Regional Commercial”

Description of Land Use Category:

- Regional Commercial provides for offices, professional services, and retail uses that draw on the customer base of a region. Examples of uses include “big box” retail and retail “power centers”, shopping malls, movie theaters, and medical or office complexes that are mid to high rise.
- Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size.
- Regional Commercial uses can serve as an appropriate buffer between an arterial or highway, and lower intensity commercial or medium to high density residential uses.

Permitted Zoning Districts: NC, O-1, O-2, C-1, C-2, & C-3

RECOMMENDATION:

Staff Analysis & Recommendation: Staff and Planning Commission (8-0) recommend Approval.

The proposed land use amendment from “Medium Density Residential” and “Community Commercial” to “Regional Commercial” is requested in order to rezone the property to “C-3” General Commercial. This is consistent with the I-10 East Corridor Perimeter Plan’s objective for Regional Commercial uses to be located primarily at the intersection of highways and arterials. Regional Commercial provides for offices, professional services, and retail uses that draw on the customer base of a region and serve as an appropriate buffer between an arterial or highway, and lower intensity commercial or medium to high density residential uses.

ALTERNATIVES:

1. Recommend approval of the proposed amendment to the I-10 East Corridor Perimeter Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
