RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Near Northwest Plan and is currently designated as “Office” in the future land use component of the plan. The requested “R-6” base zoning district is not consistent with the future land use designation. The applicant is seeking a Plan Amendment to “Urban Low Density Residential.” Staff recommends Approval of the Plan Amendment. The Planning Commission recommendation is pending the May 8, 2019 hearing.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed Conditional Use allows consideration of the additional residential unit.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does appear to conflict with the following goals, principles and objectives of the Near Northwest Plan:

- Encourage investment in housing improvement and maintenance
- Encourage new housing development that is compatible with the community's character

6. Size of Tract:

The subject property is 0.137 acres, which adequately supports residential use.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.
