The contract will commence on August 1, 2019 and terminate July 31, 2024, for an annual amount not to exceed \$15,000.00 annually with a total contract value not to exceed \$75,000.00. Funding is available in the FY2019 EHS Grant in the amount of \$15,000. Subsequent annual funding will be contingent upon grant award. There will be no impact to the General Fund.

BACKGROUND INFORMATION:

The City of San Antonio acts as the oversight, monitoring, technical assistance, and administrative agency for both the Head Start and EHS-CCP programs in the City.

The EHS-CCP program is a federally-funded early childhood education and development program administered by the U.S. Department of Health and Human Services. The City of San Antonio's EHS-CCP program provides services in six licensed child care centers in the San Antonio and Edgewood Independent School district areas. Through this program, early education, health, mental health, disability, nutrition and family support services are provided to 216 children ranging from six weeks to 3 years of age.

Under Federal grant requirements, all EHS-CCP programs are required to provide mental wellness services to specified children, families and staff enrolled and working in the EHS-CCP program. The goal of this service is to promote children's mental health and social and emotional development.

As a result, the City's Head Start Division published a Request for Proposal (RFP) for various organizations with mental wellness services for children and their families and the expertise to develop a comprehensive analysis plan to comply with this requirement. A RFP for EHS-CCP Family Mental Health Services was issued on December 10, 2018, and closed on January 25, 2019. Two proposal responses were received and two were deemed eligible for review. Family Service Association of San Antonio, Inc. was selected based on the City's standard RFP Evaluation Process.

The evaluation of each proposal response was based on a total of 100 points. Forty points allotted for Experience, Background, and Qualifications; 30 points allotted for Proposed Plan; and 15 points allotted for Respondent's Price Schedule. Five preference points were allotted for the Veteran-Owned Small Business. Ten preference points were allotted for the Small Business Economic Development Advocacy (SBEDA) Program, Small Business Enterprise Prime Contract Program Affirmative Procurement Initiative and the Minority/Women Business Enterprise Contract Program Affirmative Procurement Initiative.

The evaluation committee met on March 5, 2019, to evaluate the two proposals received. After committee review and discussion, individual technical scores were submitted and presented. After scores were finalized by the selection committee, the pricing scores and the SBEDA scores were revealed. Family Services Association of San Antonio received the highest ranking and was recommended for award by the evaluation committee.

The term of the agreement, once approved by Council, will begin on August 1, 2019 through July 31, 2024 for an annual amount not to exceed \$15,000.00 annually with a total contract value not to exceed \$75,000.00.

Family Service Association of San Antonio, Inc. will provide the appropriate classroom observations, classroom interventions, parent consultations, parent/family brief counseling (center and home based), development of behavioral/Intervention plans in collaboration with teachers, brief counseling and support groups for parents and staff. Additionally, Contractor agrees to provide training for both EHS-CCP staff and parents.
