ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of "C-3". "C-3" districts are designed to provide for more intensive commercial uses than those located within the "NC," "C-1," "C-2" or "C-3" zoning districts. "C-3" uses are typically characterized as community and regional shopping centers, power centers and/or assembly of similar uses into a single complex under either single ownership or the structure of a property owners or condominium styled organization. "C-3" districts should incorporate shared internal circulation and limited curb cuts to arterial streets.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is within the Medical Center Regional Center and not located within the Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Sector Plan and is currently designated as "Mixed Use Center" in the future land use component of the plan. The requested "MF-40" base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "C-2" Commercial District and "C-3" General Commercial District is an appropriate zoning for the property and surrounding area. The proposed "MF-40" Multifamily District is appropriate in the medical center and is consistent with the "MF-33" across the street on Datapoint.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the North Sector Plan:

Goal HOU-2 High density housing is developed near post-secondary education facilities, principal and arterial transportation routes, and major employment areas.

HOU-2.1 Focus high density residential near activity centers.

6. Size of Tract:

The subject property is 7.1 acres, which could reasonably accommodate multi-family uses.

7. Other Factors:

None.
