Property Details

Property History: The property was part of the original 36 square miles of the City of San Antonio and had a base zoning district of "D" Apartment District. Under the 2001 Unified Development Code, established by Ordinance 93881, dated May, 03, 2001, the property zoned "D" Apartment District converted to the current "MF-33" Multi-Family. Subject property was rezoned from "MF-33" Multi-Family to "R-6" Multi-Family by Ordinance 2010-11-04-0971, dated November 4, 2010.

Topography: The property does not include any abnormal physical features such as slope or incursion in a flood plain.

ISSUE:
None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “R-6”. These districts provide areas for medium to high-density residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing a mixture of single-family, two-family and multi-family dwellings and open space where similar residential development seems likely to occur. The district regulations are designed to encourage a suitable neighborhood environment for family life by including among the permitted uses such facilities as schools and churches; and to preserve the openness of the area by requiring flexible yard and area standards. Mixed residential districts provide flexible density requirements in order to allow for market and design flexibility while preserving the neighborhood character and permitting applicants to cluster development in order to preserve environmentally sensitive and agricultural land areas.

FISCAL IMPACT:
None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within any Regional Center and is located within the Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Government Hill Neighborhood Plan and is currently designated as “Medium Density Residential” in the future land use component of the plan. The requested “IDZ-1” Limited Intensity Infill Development Zone with uses permitted for eight (8) residential dwelling units zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The eight (8) residential units match the medium density land use.

3. Suitability as Presently Zoned:

The current “R-6” Single-Family Residential is an appropriate zoning for the property and surrounding area.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of Government Hill Neighborhood Plan:

- Housing Goal: Conserve, rehabilitate and/or replace (if necessary) housing stock.
- Land Use / Revitalization Goal: Redevelop and revitalize the neighborhood.

6. Size of Tract:

The subject property is 0.4233 acres, which could reasonably accommodate the proposed residential dwellings.

7. Other Factors:

"IDZ"

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lots sizes, and setbacks.

- The applicant’s request the Master Plan’s Policy for Neighborhoods - Policy 1a, because it rezones vacant or underutilized property in and around neighborhoods to encourage redevelopment that is compatible in use and intensity with the existing neighborhood.

The subject property is located within the Fort Sam Houston Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request.
