BACKGROUND INFORMATION:

Project Background

Currently, the SAPD Armory Training Academy building is using 2,978 square feet of space for the storage of

The Project will add 3,200 square feet of storage space to the already existing 2,978 space for a total of 6,178 square feet of storage space. The Project will also provide for the purchase and installation of HVAC system and the rerouting of an existing sewer line.

Construction is anticipated to begin in August 2019 and estimated to be completed by January 2020.

Procurement of Services

This project was advertised in May 2019 for construction bids on CIVCAST and through the TCI Small Business Office. Bids were opened on June 4, 2019 and seven (7) bids were received. Of these, Crownhill Builders, Inc. submitted the lowest responsive bid. A matrix of the bid outcome is included herein.

This contract will be awarded in compliance with the new Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts to be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract in an effort to maximize the amount of small, minority and women-owned business participation on the contract. The Goal Setting Committee set a 27% Minority/Women Business Enterprise (M/WBE) subcontracting goal and a 4% African-American Business Enterprise (AABE) subcontracting goal. Crownhill Builders, Inc. has committed to meeting the subcontractor participation goal.

This construction contract was developed utilizing the low bid process. Therefore, a Contracts Disclosure Form is not required.
