**ALTERNATIVES:**

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “AE-1” base zoning district. The arts and entertainment special zoning districts are designed to support existing arts and entertainment venues and promote the creation of additional venues and supporting uses. These special zoning districts are appropriate where existing arts and entertainment venues are adjacent to areas with high building and lot vacancy rates where infill development and redevelopment is desired. By creating a distinct area for arts and entertainment venues and supporting uses, this zoning district allows a community to capitalize on nearby venues and draw visitors into the community. The arts and entertainment districts facilitate infill development and redevelopment by creating a consistent pattern of zoning, creating certainty about the form and function of future development and creating an identity that may be utilized to attract investment. The arts and entertainment districts include four (4) unique districts designed to accommodate a range of existing conditions and desired outcomes. All of the arts and entertainment districts require quality building design and materials and a pedestrian-oriented, mixed-use environment.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is not within a Regional Center and located within the Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Downtown Neighborhood Plan and is currently designated as “Mixed Use” in the future land use component of the plan. The requested “AE-1” base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current “AE-1” Arts and Entertainment District is an appropriate zoning for the property and surrounding area.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Downtown Neighborhood Plan:

Geographically balance businesses, entertainment, community facilities, arts, culture and residential projects to enhance downtown’s urban character. Create design standards and a model downtown neighborhood.

Develop downtown businesses and a healthy, diversified economic base through partnerships, tax incentives, promotions, marketing, financing and funding strategies.

**6. Size of Tract:**

The subject property is 0.4467 acres, which could reasonably accommodate electronic repair shop.

**7. Other Factors:**

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.
