The subject property was originally platted on March 1, 2013. The IDA and fire agreement were amended and extended in May 2016 until the end of 2018. The "MLOD-2" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

None.

### **PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

### **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval pending the plan amendment. (Associated Plan Amendment Case # PA-2019-11600048)

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

#### **1. Consistency:**

The subject property is located within the United Southwest Communities Land Use Plan and is currently designated as “Regional Commercial” in the land use component of the plan. The requested “I-1” base zoning district is not consistent with the adopted land use designation. There is an associated Plan Amendment request, which was heard by the Planning Commission on July 24, 2019. The proposed request is to allow a “Light Industrial” land use classification on Lot 3 and a “Public/Institutional” land use classification on Lot 4. Staff and Planning Commission recommend Approval of the plan amendment request.

#### **2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

**3. Suitability as Presently Zoned:**

There is no assigned zoning to the property due to it being located outside of the city's limits.

**4. Health, Safety and Welfare:**

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The food manufacturing use is currently on the property and is located in a predominately-industrial area.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective. The request is consistent with the United Southwest Communities Plan and reinforces Goal 1 for Economic Development, which is to attract businesses, services, and retail establishments to the area. Furthermore, Objective 1.1, Action Step 1.1.2 of the plan states to locate and build industrial and commercial development along IH35 South and along Fischer Road.

**6. Size of Tract:**

The 54.993-acre site is of sufficient size to accommodate the development. The food manufacturing business is already developed and established on the property.

**7. Other Factors:**

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request.
