RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the San Antonio International Airport Vicinity Plan and is currently designated as “Regional Commercial” in the future land use component of the plan. The requested "C-3" base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “I-1” General Industrial District is not a suitable zoning district. The proposed “C-3” is consistent and compatible with surrounding zoning.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective. The proposed “C-3” is appropriate and supports the San Antonio Airport Vicinity Plan and industrial options for the area:

- **Goal II:** Encourage economic growth that enhances airport operations and surrounding development

6. Size of Tract:

The subject property is 0.920 acres, which would adequately support commercial use.

7. Other Factors:

None
