ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “C-1”. Light Commercial Districts accommodate neighborhood commercial uses which depend on a greater volume of vehicular traffic than a NC district. C-1 uses are considered appropriate buffers between residential uses and C-2 and C-3 districts and uses. Building size is limited to 5,000 square feet. Examples of permitted uses: arcade, boarding house, noncommercial athletic field, retail furniture sales, grocery store, nursery (retail-no growing of plants on site permitted), retail office equipment and supply, and retail rug or carpet sales. No outdoor storage or display of goods shall be permitted except for outdoor dining.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not within a Regional Center; however it is located within ½ mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (8-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Huebner Leon Creeks Plan and is currently designated as “Public Institutional” in the future land use component of the plan due to the ownership of the property and use by an institutional agency. The requested “MF-18” base zoning district is consistent with the land use designation as its use is for the institution.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “C-1” Light Commercial District is an appropriate zoning for the property and surrounding area. The proposed “MF-18” Multi-Family District is also appropriate adjacent to other multi-family zoning.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Huebner Leon Creeks Plan:

Goal 1 Community Character and Quality of Life

Objective 1.1: Growth management: Promote new commercial and residential development that is respectful of the primary residential character of the area.

6. Size of Tract:

The subject property is 4.536 acres, which could reasonably accommodate multi-family residential uses.

7. Other Factors:

The applicant is proposing a total of 8 units on the property as housing for children and families that receive services from their church, and one storage unit.
