Funding Agreement with The Witte Museum

**SUMMARY:**

This ordinance authorizes the Parks and Recreation Department to execute a Funding Agreement with The Witte Museum for a Historic American Buildings Survey, stabilization and exterior renovations of the city-owned historic Twohig House at the Witte Museum in Brackenridge Park for an amount not to exceed \$150,000.00. Funding of \$150,000 is available from the Parks and Recreation Department's General Fund FY 2019 budget.

**BACKGROUND INFORMATION:**

The city-owned historic Twohig House is a two story building erected in 1841 on the San Antonio River by

John Twohig, a San Antonio pioneer and prosperous merchant. The house was built entirely of local limestone and later added a surrounding garden and small guesthouses.

The property was eventually passed into ownership of the San Antonio Public Service Company, and was later donated and moved in 1942 to the grounds of The Witte Museum in Brackenridge Park. The house was moved stone-by-stone by the Work Progress Administration (WPA) and reconstructed at the eastern border on the riverside, in a similar position to its previous location downtown. The Historic Buildings Foundation oversaw the relocation of the building. The building, which has not moved since the 1970's, is in need of stabilization and renovations.

Renovations will include a Historic American Buildings Survey (HABS), stabilization and exterior renovations and will ensure the city-owned historic Twohig House is protected from the elements. The proposed funding agreement shall not exceed \$150,000.00 and will commence upon execution and terminate September 30, 2020, or upon project completion.
