RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Eastern Triangle Community Plan and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The base zoning of “C-2” will remain the same.

3. Suitability as Presently Zoned:

The current “C-2” zoning is appropriate for the property and surrounding area.

The proposed “C-2 S” utilizes the Specific Use Authorization to allow the use of a carwash. The Specific Use authorization also allows consideration of additional conditions in relation to the use, such as: hours of operation, prohibited signage, fencing, buffers, and other similar restrictions.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The subject property is located within the Eastern Triangle Community Plan. The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Eastern Triangle Community Plan.

Objective 7.2: Attract new businesses to the Eastern Triangle

Goal 8: Expand and build thriving commercial corridors

Objective 8.1: Identify specific corridors for revitalization and develop strategic plans for redevelopment

8.1.3. Focus on S. W.W. White and Rigsby as a commercial corridors and encourage the establishment of more service industry businesses

6. Size of Tract:

The subject property is 1.996 acres, which could reasonably accommodate commercial uses and the proposed car wash.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The subject property is located within the Martindale Army Air Field Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request.
