ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “O-2” High-Rise Office District. O-2 districts provide for the establishment of low to high-rise office buildings. Examples of permitted uses include offices, parks, and schools. Other uses listed as “permitted” in the UDC Nonresidential Use Matrix are only allowed as accessory uses to a primary and principal office use. A minimum 65 foot buffer zoned NC, C-1 or O-1 shall be provided when abutting residential uses or zoning. Outdoor display or sale of merchandise is prohibited.

FISCAL IMPACT:
None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not within a Regional Center but is located within the Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Highlands Community Plan and is currently designated as “Neighborhood Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is not consistent with the future land use designation. The applicant submitted a Plan Amendment to “Community Commercial.” Staff and Planning Commission recommend Approval.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change

request.

The requested rezoning constitutes a down-zoning from the intense high rise office uses currently permitted on the property. A “C-2” zoning designation would be consistent with the use and character of the collector corridor of South Gevers Street. The added “NA” Nonalcoholic Sales prohibits alcohol sales and consumption on the subject property.

3. Suitability as Presently Zoned:

The current “O-2” High-Rise Office District is not an appropriate zoning for the property and surrounding area. The proposed “C-2” would be similar to properties to the north and south along the corridor and have less potential impacts than the current “O-2”.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Highlands Community Plan:

1.2.6 Actively recruit desirable types of businesses to the area.

1.4.3 Preserve the small town feeling of the neighborhood commercial areas by encouraging neighborhood friendly businesses, such as hamburger eateries and ice cream shops, within walking distance of residences. Ensure pedestrian access to these areas and general neighborhood walkability by planting street trees and advocating for sidewalks and traffic calming devices.

6. Size of Tract:

The subject property is 0.724 acres, which could reasonably accommodate commercial uses.

7. Other Factors:

The applicant proposes retail uses such as daycare and/or antique mall.
