BACKGROUND INFORMATION:

On May 6, 2017, voters approved the 2017 Bond Program which authorized \$1,400,000.00 for drainage and flood control improvements for the Blossom Park (Lotus Blossom Street) project located in Council District 9.

This project will provide for drainage and flood control improvements to include the installation of a new, larger box culvert replacing the existing undersized box culvert underneath Lotus Blossom Street including the reconstruction of the bridge approaches on Lotus Blossom, as well as the adjoining sidewalks and driveways. Additionally, the existing eroded channel armor will be removed and replaced providing more efficient water flow throughout the neighborhood.

Procurement of Services

This project was advertised in July 19, 2019 for construction bids in the San Antonio Hart Beat, on the City's website, on the Texas Electronic State Business Daily, on TVSA, through electronic bidding site CivCast and through the TCI Small Business Office. Bids were opened on Tuesday August 20, 2019 and four bids were received. Of these, Clearfield Construction, LLC submitted the lowest responsive bid. A matrix of the bid outcome is included herein.

This contract will be awarded in compliance with the Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts to be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract in an effort to maximize the amount of small, minority and women-owned business participation on the contract. The Goal Setting Committee set a 21% Minority/Women Business Enterprise (M/WBE) subcontracting goal and a 2% African American Business Enterprise (AABE) subcontracting goal. Clearfield Construction, LLC has committed to meeting the subcontractor participation goal.

This construction contract was developed utilizing the low bid process. Therefore, a Contracts Disclosure Form is not required.
