RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Eastern Triangle Community Plan and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern.

3. Suitability as Presently Zoned:

The existing “C-2” Commercial base zoning is an appropriate zoning district for the surrounding area. The added Conditional Use allows for consideration of conditioning down a “C-3” use to a “C-2” district. It also

allows, where appropriate, for conditions such as: buffering, fencing, hours of operation and restricted temporary signage.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Eastern Triangle Community Plan:

Goal 7: Create a community wide economic development plan

Objective 7.2: Attract new businesses to the Eastern Triangle

Goal 9: Promote diversification of businesses and services

Objective 9.1: Increase range of family-oriented businesses and services within the Eastern Triangle

6. Size of Tract:

The subject property is approximately 5.317 acres, which would adequately support the requested commercial use.

7. Other Factors:

The subject property is located within the Martindale Army Air Field Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is developing a vacant lot for used motor vehicle sales.
