RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Denial. Planning Commission (6-2) recommends Approval.

The proposed land use amendment from “Suburban Tier” to “General Urban Tier” is requested in order to rezone the property to “MF-33 MLOD-2 MLR-1 AHOD” Multi-Family Lackland Military Lighting Overlay Military Lighting Region - 1 Airport Hazard Overlay District.

This is not consistent with the West/Southwest Sector Plan’s objective to utilize housing stock in distributed densities in accordance with the adopted plan. The plan also considers the physical infrastructure capacity that comes with building a higher density amount of units. The future land use classification for the property is “Suburban Tier”, which is compatible with the existing uses in the area. The proposed Plan Amendment to “General Urban Tier” is not a compatible transition for the “R-6” base zoning to the north, south and west. Additionally “Suburban Tier” allows “MF-18” which would provide an adequate density of 10 units.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the West/Southwest Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/Southwest Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the West/Southwest Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Lackland Air Force Base.

Significantly alter recreational amenities such as open space, parks, and trails.

ALTERNATIVES:

1. Recommend approval of the proposed amendment to the West/Southwest Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
