Transportation

Thoroughfare: 2551 North Interstate 35

Existing Character: Interstate Highway

Proposed Changes: None Known

Public Transit: VIA bus routes are within walking distance of the subject property. Routes served: 21

ISSUE:

Comprehensive Plan

Comprehensive Plan Component: Government Hill Neighborhood Plan Update

Plan Adoption Date: October, 2010

Plan Goals:

Goal: Conserve, rehabilitate and/or replace (if necessary) housing stock.

Comprehensive Land Use Categories

Land Use Category: Low Density Residential

Description of Land Use Category: Low Density Residential Development includes single-family residential Development on individual lots. Recommended development densities in Low Density Residential areas should not exceed 9 dwelling units per acre. The plan acknowledges that medium density uses that have historically existed in the neighborhood can remain; however the conversion of existing single-family homes into medium density units is discouraged.

Lower-impact community uses such as schools, religious assemblies, parks and community centers can be included in this category and should be centrally located for convenient neighborhood access.

Permitted Zoning Districts: R-3, R-4, R-5, R-6

Land Use Category: Neighborhood Commercial

Description of Land Use Category: Neighborhood Commercial includes low to moderate intensity, small scale retail, office or service uses serving the neighborhood area with low-impact convenience, retail, or service functions. Example of uses include convenience store, small insurance or doctors office, bakery, small restaurant, bookstore, antique shop, copy service, veterinarians office, or small, neighborhood sized grocery stores.

Locations for Neighborhood Commercial include the intersections of residential streets, within established commercial areas, along collectors, and within walking distance of residential areas.

Neighborhood Commercial can serve as an appropriate buffer between an arterial or collector and Low Density Residential uses.

Parking is encouraged in the rear of the buildings, and should be appropriately buffered from adjacent residential uses through landscaping, screening and lighting controls. Pedestrian amenities are strongly encouraged.

Permitted Zoning Districts: Permitted Zoning Districts: NC, C-1, O-1,

Land Use Overview

Subject Property

Future Land Use Classification:

“Low Density Residential”

Current Land Use Classification:

“R-6” Single Family Residential

Direction: North

Current Land Use:

“R-6” Single Family Residential

FISCAL IMPACT:

None.

Proximity to Regional Center/Premium Transit Corridor

The subject property is not located within a Regional Center or within a ½ a mile of a Premium Transit Corridor.

STAFF ANALYSIS & RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

The applicant seeks an amendment in order to rezone to “NC” Neighborhood Commercial. The existing land use of “Low Density Residential” is appropriate and the Government Hill Neighborhood Plan encourages the conservation of existing housing stock. The proposed “Neighborhood Commercial” land use would introduce a commercial encroachment into residential area. Staff recommended to the applicant that they maintain the “Low Density Residential” land use within this predominantly single-family residential block, by requesting a Conditional Use for a Professional Office. The zoning case was considered by the Zoning Commission on November 5, 2019. The Zoning Commission recommended Denial of “NC” Neighborhood Commercial, with an Alternate Recommendation of “R-6 CD.”

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the Government Hill Neighborhood Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
