**BACKGROUND INFORMATION:**

The City of San Antonio is projected to grow significantly over the next two decades and developing a plan to accommodate that growth was the driving objective for the development of the SA Tomorrow Comprehensive Plan. The SA Tomorrow Comprehensive Plan was adopted by City Council on August 11, 2016. This Comprehensive Plan recommends the development of sub-area plans that focus analysis and policy recommendations to more specific geographical areas. The three types of sub-area plans identified in the Comprehensive Plan include Regional Center Plans, Corridor Plans, and Community Plans.

In FY 2018, City Council approved Ordinance 2018-05-31-0401 authorizing the execution of a professional services agreement with Moore Iacofano Goltsman, Inc. (MIG), in the amount not to exceed \$1,055,000.00 for consultant services pertaining to the development of the second phase of sub-area plans to implement the SA Tomorrow Comprehensive Plan. The Phase 2 plan areas include the Texas A&M - San Antonio Area Regional Center, Port San Antonio Area Regional Center, Highway 151 / Loop 1604 Area Regional Center, Northeast I-35 / Loop 410 Regional Center, Near Eastside Community Area, and Southeast Community Area.

In FY 2020, the Planning Department received funding to have the Phase 2 plans translated into Spanish after they have been adopted by City Council. As the plans are intended to live as digital documents, or e-plans, on individual websites dedicated to each plan area, these websites will need to be enhanced to accommodate the additional content and easily toggle between English and Spanish. In addition to the text content, all graphic content such as maps and charts will also be translated.
