ISSUE:

None.

ALTERNATIVES:

Current: The present zoning district designation of "R-4" Residential Single-Family District provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character.

Proposed: The proposed "C-1 S" Commercial District permit general commercial activities designed to serve the community such as repair shops, wholesale businesses, warehousing and limited retail sales with some outdoor display of goods. These districts promote a broad range of commercial operations and services necessary for large regions of the city, providing community balance. "C-1" districts accommodate neighborhood commercial uses which depend on a greater volume of vehicular traffic than an "NC" district. "C-1" uses are considered appropriate buffers between residential uses and "C-2" and "C-3" districts and uses.

The proposed Specific Use Authorization will allow a Parking Lot - Noncommercial while keeping the same base zoning district.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not within a Regional Center but located within the Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Near Northwest Community Plan and is currently designated as "Neighborhood Commercial" in the future land use component of the plan. The requested "C-1" base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The use “Parking Lot - Noncommercial” is normally allowed by right in the “C-2” Commercial District.

3. Suitability as Presently Zoned:

The current “R-4” Residential Single-Family District would not be a recommended zoning district along a secondary arterial that is less than an acre. The proposed “C-1” Commercial District is appropriate along Hildebrand Avenue. The “S” Specific Use Authorization allows consideration of any necessary specifications in the relation to the proposed use.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Near Northwest Community Plan:

Objective 2.2: Business Development Create opportunities for new business development to ensure a diversity of attractive businesses in pedestrian friendly environments.

Action Steps: 2.2.1 Encourage business and property owners along Bandera Road, the northern end of Fredericksburg Road (beyond the Deco District), West Avenue, Culebra Road, Hildebrand Avenue, Zarzamora, Cincinnati, Babcock, Saint Cloud and in the Jefferson Village area to organize and form new merchants associations for the purpose of supporting and initiating improvement efforts.

6. Size of Tract:

The subject property is .1133 acres, which could reasonably accommodate light commercial use and a parking lot.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is requesting the “S” Specific Use Authorization for a Parking Lot.

This zoning request includes the intention to demolish buildings. In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.
