Overlay and Special District Information:

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

"MLOD-2"

All surrounding properties carry the "MLOD-2" Military Lighting Overlay District, due to their proximity to Lackland. The "MLOD-2" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is not located within a community or sector plan. A finding of consistency is not required.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. This downzoning from “I-1” to “C-2” decreases potential impacts on neighboring properties.

3. Suitability as Presently Zoned:

The current “I-1” zoning is not appropriate for the property and surrounding area. The proposed “C-2” would be a more appropriate zoning for the scale of the neighborhood and for the established use on the property. The requested “C-2” is more consistent with the large scale corridor on General McMullen.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The subject property is not located within a community or sector plan. A finding of consistency is not required.

6. Size of Tract:

The subject property is 0.2506 Acres, which could reasonably accommodate Commercial uses.

7. Other Factors:

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request.

The applicant is rezoning to bring an existing pet clinic in to compliance.
