The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

All surrounding properties carry the "MLOD-2" Military Lighting Overlay District, due to their proximity to Lackland. ALTERNATIVES:

Current: Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of "C-2". These districts accommodate community commercial uses, with unlimited building size. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks, dry cleaning, and pawn shop. No outdoor storage or display of goods shall be permitted except for outdoor dining.

Proposed: The proposed "C-2 CD" Commercial District allows the above noted uses in addition to a Conditional Use for an Office Warehouse (Flex Space) - Outside Storage not Permitted.

FISCAL IMPACT:

None.

Proximity to Regional Center/Premium Transit Corridor

The subject property is not within a Regional Transit Center but it is located within a half mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as "Mixed Use Center" in the future land use component of the plan. The requested "C-2" base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern. The requested "C-2"

maintains the base zoning district.

3. Suitability as Presently Zoned:

The existing “C-2” Commercial base zoning is an appropriate zoning district for the surrounding area. The added Conditional Use allows for consideration of conditioning down of a “C-3” General Commercial use to a “C-2” Commercial district. It also allows, where appropriate, for conditions such as: buffering, fencing, hours of operation and restricted temporary signage.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Plan:

Goal ED-3 The West/Southwest Sector community values existing and future businesses; businesses which in turn support the neighborhoods

ED-3.1 Ensure the development of new business locations and employment centers are compatible with the West/Southwest Sector Land Use Plan

6. Size of Tract:

The subject property is approximately 4.351 acres, which would adequately support the requested commercial use.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that they have no objections to the request.

The applicant is seeking to develop a currently vacant lot for the use of an Office Warehouse (Flex Space).
