**RECOMMENDATION:**

Staff Analysis and Recommendation: Staff and Planning Commission (9-0) recommend Approval.

The requested Plan Amendment from “Regional Center” to “General Urban Tier” will allow the applicant to rezone to "RM-4" Residential Mixed District. Further, this will provide more consistency with the land use pattern in the area.

The Plan Amendment meets the goals of the West/Southwest Sector Plan to advance the City of San Antonio Housing Goals and Strategies by providing support for development of diverse housing stock using infill housing development between Loop 1604 and Loop 410.

**Sector Plan Criteria for review:**

- The recommended land use pattern identified in the West/Southwest Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/Southwest Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the West Sector Plan.

**The amendment will not adversely impact a portion of, or the entire Planning Area by;**

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis Air Force Base.
- Significantly alter recreational amenities such as open space, parks, and trails.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the North Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
