Date	Ver.	Action By	Action	Result
4/16/2020	1	City Council A Session	adopted	Pass

**DEPARTMENT:** Police

**DEPARTMENT HEAD:** William P. McManus, Chief of Police

**COUNCIL DISTRICTS IMPACTED:** Citywide

**SUBJECT:**

National Crime Statistics Exchange Implementation Assistance Program Grant Application

**SUMMARY:**

This ordinance authorizes the submission of a grant application, and acceptance of funds upon award, not to exceed \$11,800.00, from the Office of the Governor (OOG), Criminal justice Division (CJD), for the FY2020 Texas Conversion to the National Incident-Based Reporting System (NIBRS) Program, to transition to the Federal Bureau of Investigation's (FBI) NIBRS as the standard reporting method of the Uniform Crime Reporting Program for the grant period October 1, 2020 to September 30, 2021.

**BACKGROUND INFORMATION:**

The San Antonio Police Department (SAPD) is currently upgrading its record management system and mobile field reporting software to comply with converting from the Uniform Crime Reporting (UCR) system to the mandated National Incident-Based Reporting System (NIBRS). The Department needs to upgrade the evidence management system to the latest version to ensure data entry compliance with NIBRS. As part of the strategy, and in order to make data entry efficient, the Department will utilize its evidence management system as the primary input to report/track property taken into custody. The upgraded system will have a data interface with the record management system to import data into the appropriate fields for NIBRS submission.

If awarded this grant will help through funding of the appropriate software needed for the required updates.

The OOG/CJD requires that an ordinance/resolution be included in the application package for the FY2020 Texas Conversion to the NIBRS grant. Additionally, the OOG/CJD requires that specific language be included in the ordinance that:

- Designates the Chief of Police of the SAPD as the grantee's authorized official and that the authorized official is given the power to apply for, accept, reject, alter, or terminate the grant on behalf of the City.
- The City Council agrees that in the event of loss or misuse of CJD grant funds, the City Council will return all funds to the OOG/CJD.

This is standard language that the OOG/CJD requires in all grants.

#### **ISSUE:**

This ordinance continues City Council's policy of seeking and accepting financial assistance for improving the collection of crime data to provide specific, detailed information regarding crime, arrests, and identify crime trends.

#### **ALTERNATIVES:**

City Council could elect not to approve the acceptance of the grant. This action would result in delaying the project and possibly funding this portion of the project entirely from the City's General Fund.

#### **FISCAL IMPACT:**

This grant provides funding in an amount up to \$11,800.00 for the projected period of October 1, 2020 through September 30, 2021. This grant does not require a match.

#### **RECOMMENDATION:**

Staff recommends that City Council approve the acceptance of funds, upon award, to comply with the requirement to convert from the UCR to the NIBRS reporting system.
