RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Eastern Triangle Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-5” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The base “R-5” zoning district would remain the same. The requested Conditional Use would allow for a second dwelling unit on the subject property. The conditional use also limits the property and buildings to the submitted site plan.

3. Suitability as Presently Zoned:

The current “R-5” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-5 CD” is also an appropriate zoning for the property as it maintains the base and allows one (1) additional dwelling unit.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Eastern Triangle Community Plan:

Housing and Neighborhood

Overall Goal: A well maintained community with a diverse housing stock that meets the needs of current and future residents through all stages of life.

- Goal 12: Quality housing
- Goal 13: Well-maintained neighborhoods and housing stock
- Goal 14: Neighborhood awareness, education, and cooperation
- Goal 15: Community pride and attitude
- Goal 16: Housing with access to transit and public amenities

6. Size of Tract:

The subject property is 0.2617 acres, which could reasonably accommodate the proposed two (2) residential units.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The subject property is located within the Martindale Army Air Field Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request.
