RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Central Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-4” base zoning district, is consistent with the adopted land use.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed “R-4” is consistent with the development pattern and established single-family uses. By maintaining the “R-4” base district further commercial encroachment is restricted within the neighborhood and the block.

3. Suitability as Presently Zoned:

The existing “R-4” Single-Family Residential base zoning is an appropriate zoning district for the surrounding area. The requested “R-4” maintains the base zoning district. The proposed “CD” Conditional Use allows consideration of a Professional Office in addition to use as a single-family residence.

4. Health, Safety and Welfare:

Staff has found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the North Central Community Plan.

North Central Community Plan Goals and Objectives:

GOAL 2: Encourage the establishment of neighborhood-friendly businesses along the commercial corridors that promote pedestrian accessibility.

GOAL 3: Maintain and preserve the quality of the existing residential and commercial properties through the encouragement of rehabilitation and code compliance.

GOAL 5: Promote future development that is compatible with existing neighborhoods and that incorporates sound storm water management practices.

6. Size of Tract:

The subject property is 0.1435 acres, adequately supports a single-family residence and professional office.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant seeks to rezone for a professional office, associated with the nearby Panchito’s Restaurant.

The following conditions shall apply to the operation of nonresidential uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.
