The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

1. Consistency:

The subject property is located within the West / Southwest Sector Plan and is currently designated as "General Urban Tier" in the land use component of the plan. The requested "R-3" base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

3. Suitability as Presently Zoned:

The existing "R-4" base zoning district is appropriate for the surrounding area. The proposed "R-3" Residential

Single-Family is also appropriate and allows the applicant to meet the minimum lot size for development.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective of the West/Southwest Sector Plan.

HOU-1.2 Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood.

HOU-3.1 Re-invest in existing residential neighborhoods.

6. Size of Tract:

The 0.0774 acre site is of sufficient size to accommodate a single-family home in the proposed “R-3” district.

7. Other Factors:

The applicant is requesting to rezone from “R-4” to “R-3”, in order to comply with the minimum lot size requirement. The maximum lot size for this lot calculates to approximately 3,372 square feet. The “R-3” is needed in order to build a home.
