**Parking Information:** The parking requirement for a food service establishment is one (1) parking space per 300 sf GFA.

**ISSUE:**

None.

**ALTERNATIVES:**

**Current:** The present zoning district designation of “R-6” Residential Single-Family are designed to provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. This district is composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character.

**Proposed:** The proposed “C-1” Light Commercial District is designed to serve the community such as repair shops, wholesale businesses, warehousing and limited retail sales with some outdoor display of goods. These districts promote a broad range of commercial operations and services necessary for large regions of the city, providing community balance. "C-1" districts accommodate neighborhood commercial uses which depend on a greater volume of vehicular traffic than an "NC" district. "C-1" uses are considered appropriate buffers between residential uses and "C-2" and "C-3" districts and uses.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is not within a regional center and is not within a Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (10-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Northwest Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “C-1” base zoning district is not consistent with the future land use designation. The applicant is seeking a Plan Amendment to “Neighborhood Commercial.” Staff and Planning Commission recommend Approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

**3. Suitability as Presently Zoned:**

The existing “R-6” Residential Single-Family base zoning is appropriate for the surrounding area. The

proposed “C-1” is suitable to the area and would allow the applicant to proceed with the proposed food service establishment. The Northwest Community Plan encourages neighborhood friendly business development to appropriate scale.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Northwest Community Plan:

**Goal-1:** Encourage neighborhood-friendly business development

- **Strategies-1:** Promote more businesses to be with neighborhood scale

**6. Size of Tract:**

The subject property is 0.3283 acres, which could reasonably accommodate light commercial uses.

**7. Other Factors:**

The property was established as a neighborhood grocery store in 1979. The site recently lost nonconforming use status. The new property owner seeks to use the vacant grocery building to operate a restaurant with zoning that is appropriate to the neighborhood.
