Current: The "C-2" Commercial Districts permit general commercial activities designed to serve the community such as repair shops, wholesale businesses, warehousing and limited retail sales with some outdoor display of goods. These districts promote a broad range of commercial operations and services necessary for large regions of the city, providing community balance. "C-2" districts accommodate commercial and retail uses that are more intensive in character than "NC" and "C-1" uses, and which generate a greater volume of vehicular traffic and/or truck traffic. The current "C-2NA" districts are identical to "C-2" districts except that the sale of alcoholic beverages is prohibited.

Proposed: "MF-18" districts permit Multi-family dwelling, single-family dwelling (detached, attached or townhouse), two-family dwelling, three-family dwelling, four-family dwelling, row-house or zero-lot line dwelling, with a maximum density of 18 units per acre, assisted living home, skilled nursing facility, foster family home, public and private schools.
