"MLOD-2"

All surrounding properties carry the "MLOD-2" Military Lighting Overlay District, due to their proximity to Lackland. The "MLOD-2" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

**Parking Information:** The minimum parking requirement for a convenience store with gasoline is 6 per 1,000 sf GFA.

**ISSUE:**  
None.

**ALTERNATIVES:**

**Current:** The present zoning district designation of "DR" Development Reserve is a temporary zoning classification for newly-annexed property. This current zoning designation is appropriate for the current vacant land use.

**Proposed:** The proposed "C-2" Commercial zoning district accommodates community commercial uses. Examples of permitted uses include restaurants, gas stations, and auto and light truck repair, with no outdoor storage or display of goods except for outdoor dining.

**FISCAL IMPACT:**  
None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is adjacent to a Regional Center but is not located within the Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the United Southwest Communities Land Use Plan and is currently designated as "Regional Commercial" in the future land use component of the plan. The requested "C-2" base-zoning district is consistent with the adopted land use.

**2. Adverse Impacts on Neighboring Lands:**

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change

request. “C-2” Commercial is an appropriate zoning designation and is consistent with adjacent “C-3” zoning districts and uses.

### **3. Suitability as Presently Zoned:**

The current “DR” Development Reserve District is a temporary zoning that was applied during annexation. “DR” only permits single family uses similar to “R-6” zoning. Residential uses at an intersection of a highway and secondary arterial are not appropriate. The proposed “C-2” is more appropriate for the area and will provide more commercial options. It is also consistent with the current land development pattern.

### **4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

### **5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the United Southwest Communities Land Use Plan:

- **Goal 1: Economic Development**

Attract new businesses, services and retail establishments to the United Southwest Communities

- **Objective 1.1: Commercial Development**

Implement Strategies to attract commercial development

- **Action Steps: 1.1.1:** Seek commercial (non-residential) zoning along Loop 410 between Valley Hi Drive and Old Pearsall Road as identified in the land use plan

### **6. Size of Tract:**

The subject property is 2.165 acres, which could reasonably accommodate a convenient store with gasoline sales.

### **7. Other Factors:**

The applicant is seeking the rezoning request to allow for commercial development, specifically for a convenience store with gas sales at the property.
