Comprehensive Land Use Categories

Land Use Category: "High Density Residential"

Description of Land Use Category: High Density Residential development includes multi-family developments with more than four units on a single lot, such as apartment complexes, but can also include Low Density and Medium Density residential uses. High Density residential uses generally exceed 18 dwelling units per acre.

This form of development should be located along collectors, arterials, or highways. It can function as a compatible transition between Medium and Low Density residential and higher intensity commercial uses.

Permitted Zoning Districts: R-3, R-4, R-5, R-6, RM-4, RM-5, RM-6, MF-25, MF-33, MF-40, MF-50

Land Use Category: "Community Commercial"

Description of Land Use Category: Community Commercial provides for medium intensity land use that draws its customer base from two or more neighborhoods. Examples of uses include a grocery store, a medical office, music store, shoe store, nursery, or mailing services store.

Community Commercial uses should be located along arterials or higher order roadways near intersections, or in established commercial areas.

Community Commercial is an appropriate buffer between low, medium, and high-density residential uses, or between an arterial and low density residential.

Permitted Zoning Districts: NC, C-1, C-2, C-2P, O-1, O-1.5, MXD, TOD, Commercial Retrofit Use Pattern

RECOMMENDATION:

Staff Analysis & Recommendation: Staff and Planning Commission (6-0) recommend Approval.

The proposed "Community Commercial" would allow "C-1", "C-2", "O-1", "MXD" and "TOD" zoning Districts, which would provide commercial land use for the neighborhood. The applicant's proposed "C-2 CD" zoning would be consistent with the medium intensity zoning along the corridor, act as a buffer between the existing high density residential uses and would be permitted by the "Community Commercial" designation.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the Government Hill Neighborhood Land Use Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
