ALTERNATIVES:

Current: The present zoning district designation of "R-6" Residential Single-Family are designed to provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. This district is composed of areas containing single-family dwellings, multi-family apartment dwellings, as well as commercial auto sales. The Conditional Use would allow for two (2) dwelling units to be built on the property.

Proposed: The proposed zoning designation of "R-6" accommodates the same uses noted above and the proposed Conditional Use would allow for two (2) dwelling units to be built on the property.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not part of a Regional Center and but it is within a premium transit corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as "General Urban Tier" in the future land use component of the plan. The requested "R-6" base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The base zoning of "R-6" will remain the same.

3. Suitability as Presently Zoned:

The current “R-6” Residential Single-Family District is an appropriate zoning for the property. The proposed “R-6 CD” Residential Single-Family District use maintains the base zoning district and is an appropriate zoning for this property as it is directly adjacent to other “R-6” zoned properties. The Conditional Use allows consideration of two (2) dwelling units on the property.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Land Use Plan:

- Goal HOU-1: Housing stock is diverse and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan
 - Strategy HOU-1.1: Promote quality design and construction for new housing
 - Strategy HOU-1.2: Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood
- Goal HOU-3: Housing is well maintained to help ensure the long-term viability of neighborhoods
 - Strategy HOU-3.1: Re-invest in existing residential neighborhoods

6. Size of Tract:

The subject property is .22 acres, which could reasonably accommodate the proposed Conditional Uses of two residential dwelling units.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The subject property is located within the Lackland Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request.
