BACKGROUND INFORMATION:

Project Background

On May 6, 2017, the City approved the 2017 Bond Program which authorized \$3,100,000.00 for improvements to the Lockwood and Dignowity Parks located in Council District 2. Funds in the amount of \$999,560.00 were reallocated to the project from the cancellation of the Sports Education Facility Bond project. The Lockwood and Dignowity project will provide for new concrete walkways, tables, benches, a playground, a stand-alone public restroom, the renovation of Harmony Plaza with accent lighting, a dog park, informal playfields, a large event lawn with electric power, and site lighting. The nine additive alternates accepted as part of this contract will provide for additional park seating, lighting and landscaping. Construction is anticipated to begin in October 2020 and estimated to be completed by June 2021.

The Lockwood and Dignowity Parks project will complete work associated with conceptual plans developed through community visioning workshops and public input. Two separate public meetings were held in May 2018 and February 2019 to gather feedback for the project. In order to meet priorities for this project, including the closure of Burnet Street to unite the two parks, the City entered into a funding agreement with the Inner City Board of Directors of Reinvestment Zone #11 to fund additional improvements along North Hackberry and will amend the Design Services Agreement between the City and The Broussard Group, Inc. for additional architectural design services associated with the design, bid, construction phase and other related services as required for the added scope of work to the project.
