**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Denial.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Eastern Triangle Community Plan and is designated as “Park and Open Space” in the future land use plan. The requested “C-3” is not consistent with the current land use designation. The applicant has requested a plan amendment to “Regional Commercial”. Staff and Planning Commission recommend Denial.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. This area is rural and primarily residential in character. The requested “C-3” would greatly increase potential adverse impacts on adjacent residential properties.

**3. Suitability as Presently Zoned:**

The current “R-5” Residential Single-Family an appropriate zoning for the property. The proposed “C-3” would

not be appropriate for the site or surrounding area. The rezoning would constitute midblock commercial encroachment.

**4. Health, Safety and Welfare:**

Staff has found indication of likely adverse effects on the public health, safety, or welfare. Potential noise, outside storage of materials and heavy commercial truck traffic of a midblock commercial development could pose a significant burden on adjacent and abutting residential properties and uses.

**5. Public Policy:**

The proposed rezoning appears to conflict with the following goals, principles, and objectives of the Eastern Triangle Community Plan:

Definition of Regional Commercial:

Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size.

Definition of Park and Open Space:

Parks / Open Space includes large, or linear, unimproved land where conservation is promoted and development is not encouraged due to presence of topographic constraints or institutional uses on the site.

San Antonio Tomorrow Goals:

H P30: Ensure infill development is compatible with existing neighborhoods.

**6. Size of Tract:**

The subject property is 2 acres, which could reasonably accommodate commercial uses.

**7. Other Factors:**

The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Martindale was notified of the proposed request. The Military has indicated that there are no objections to the request.
