Overlay and Special District Information:

"MLOD-3"

All surrounding properties carry the "MLOD-3" Military Lighting Overlay District, due to their proximity to Martindale Army Airfield. The "MLOD-3" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Eastern Triangle Community Plan and is designated as “Low Density Residential” in the future land use plan. The requested “R-6” is consistent with the current land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested “R-6” would not have additional impacts to neighboring lands as the uses permitted in the request are the same as those currently allowed on the property.

3. Suitability as Presently Zoned:

The current “RE” Residential Single-Family an appropriate zoning for the property. The proposed “R-6” would also be appropriate for the site or surrounding area. It is a residential zoning designation that will allow development of 6,000 square foot lots. The minimum lot size for “RE” is 1.00 acre or 43,560 square feet. The area could benefit from some diversity in housing stock that is moderate in density.

4. Health, Safety and Welfare:

Staff has found indication of likely adverse effects on the public health, safety, or welfare. Potential noise and traffic impact of a midblock commercial development would pose a significant burden on adjacent property owners and present an unsafe vehicular situation to the potential introduction of high traffic businesses.

5. Public Policy:

The proposed rezoning appears to conflict with the following goals, principles, and objectives of the Eastern Triangle Community Plan:

Definition of Regional Commercial:

Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size.

Definition of Park and Open Space:

Parks / Open Space includes large, or linear, unimproved land where conservation is promoted and development is not encouraged due to presence of topographic constraints or institutional uses on the site.

San Antonio Tomorrow Goals:

H P30: Ensure infill development is compatible with existing neighborhoods.

6. Size of Tract:

The subject property is 2.0981 acres, which could reasonably accommodate residential uses.

7. Other Factors:

The subject property is located within the Martindale Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to the request.

This zoning request includes the intention to demolish buildings. In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.
