RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Planning Commission (7-0) recommend Approval.

The applicant is seeking a Plan Amendment to rezone to “MF-33” Multi-Family District to build a multi-family development. The proposed “General Urban Tier” is an established land use in the area, just across Fischer Road from the subject property. The requested land use is appropriate in the area.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the Heritage South Sector Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Heritage South Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the Heritage South Sector Plan .
The amendment will not adversely impact a portion of, or the entire Planning Area by;
- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.

- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Lackland Base.
- Significantly alter recreational amenities such as open space, parks, and trails.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the Heritage South Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
